

Later this month, we will host our 2023 Annual Conference, [Health Law as Private Law](#). The conference will explore questions of how private law can help to achieve health care reform or address a significant public health problem. The full agenda is now available online; [click through](#) to browse the speakers and their research topics. If you're interested in attending, we are offering virtual access to the public. Please [register now](#) to receive the livestream information the day before the event.

Harvard graduate students: our [2023-2024 Petrie-Flom Student Fellowship application](#) is now open to the general pool! Please visit the [Call for Applications](#) for details on the Fellowship and application process. The deadline for applications is August 4th.

Spotlight on Scholarship

Lift the Blood Ban, But Don't Penalize PrEP Users

Excluding PrEP users significantly cuts down the de facto number of MSM who could actually donate blood, and also penalizes prevention.
