

Happy new year from everyone at the Petrie-Flom Center! Our 2023 events programming is already underway, and we hope to see you at our [upcoming events](#). Next month, we're looking forward to hosting an [event with the Harvard Center for Bioethics on climate change and health](#). Expert panelists will explore the role of the health care sector in advocating for policies to address climate change, as well as key challenges and opportunities. To learn more and register, visit the [event page](#).

You can find all of our [upcoming events](#), as well as information about our [past events](#), on our website. And all of our events from the past few years are fully captioned and available to watch on-demand via [YouTube](#)!

Spotlight on Scholarship

Lessons in Health Data Privacy from the Partial-Birth Abortion Ban Act

The past may hold important lessons for our uncertain future of health privacy for patients, physicians, and hospitals in the face of abortion subpoenas post-*Dobbs*.
