

It's summertime, which means our 2022-2023 Petrie-Flom Student Fellowship application is now open to all Harvard graduate students! Please visit the <u>Call for Applications</u> for details on the Fellowship and application process.

And though we have now concluded the academic year's event series with our annual conference, Diagnosing in the Home: The Ethical, Legal, and Regulatory Challenges and Opportunities of Digital Diagnostics and Therapeutics Outside of Traditional Clinical Settings, we have plenty of content from the year that you might have missed. During the summer event hiatus, check out past events on the PFC YouTube channel and in our digital event archive. A few favorites are listed under the Past Events section below.

## Spotlight on Scholarship

Readout from Vice President Harris's Meeting with Constitutional Law, Privacy, and Technology Experts on Reproductive

# **Rights**

PFC Faculty Director I. Glenn Cohen met with Kamala Harris for a conversation that stressed the sweeping equity implications of overturning *Roe*.
